Notes for 008

Location of Tree(s) on Site	Planted at the edge of the park, lining the road
Owners' Name	ODC
Date of Inspection	3 November 08

PROPOSED BY: M. Carr; A. Butcher

COMMENTS/REASON FOR PROPOSAL.
Beauty/lovely sight when in flower

ASSESSORS' NOTES:

Threats.
None apparent.

Potential for new development nearby.
Low potential

Suggested care and maintenance.
Maintain as at present. It would be possible to enhance the floral effect by making the grove deeper – add another 20 rhododendron plants and associated tree planting. Although this would be quite a high capital cost, mowing costs would be reduced considerably.
