Notes for 029

| | |
|-----------------------------|---------------|
| Location of Tree(s) on Site | Roadside berm |
| Owners' Name | ODC |
| Date of Inspection | 6 November 08 |

PROPOSED BY: Dave Williams

COMMENTS/REASON FOR PROPOSAL. -

ASSESSORS' NOTES:

Threats.

Not much – perhaps major roadworks

Potential for new development nearby.

little

Suggested care and maintenance.

Remove ivy from stems, remove dead fronds every three to four years.

It is important to realise that this species is considered to be a weed by some authorities. Despite its stately shape and long history in the urban landscape, it can be invasive.
