Notes for 031

Location of Tree(s) on Site	Kaora Foreshore
Owners' Name	ODC
Date of Inspection	6 November 08

PROPOSED BY: **Y and M. Rothery**

COMMENTS/REASON FOR PROPOSAL.

Aesthetic shade

ASSESSORS' NOTES:

Threats.

This group of Norfolk Island pine trees is unusual in that several of the trees are looking rather poorly – uneven growth, defoliated branches, resin flux. This species is generally very healthy and tolerant of harsh coastal conditions.

Sea level rise

Potential for new development nearby.

Roading

Suggested care and maintenance.

Better protection from the sea, re-build the broken sea wall.

Photographs

Figure 80 disfigured tips in two trees.
