**Richard HARPUR**

My principal place of residence is in the Kāwhia Community Subdivision area.

My name is Richard Harpur, I have owned a property in Kawhia for approx 20yrs and have lived here for approx 7yrs, I previously lived in Tokoroa, spent 14 yrs as a BOT member. I was

involved in my local rugby club for close to 50yrs as player, manager, coach, and committee member. I have decided to stand because I hope I can add value. I have a tendency to back the underdog and believe strongly in open, and honest democracy. I am not a fan of gossip and innuendo and if you can't state your differences and concerns in an open, mature way then I am probably not the man to talk too. Kawhia is a wonderful place with a diverse population. My mother was born in Kawhia, my father in Te Kuiti. From my father I have links to Ngai Tahu. Thank you.
