

Ōtorohanga District Council
Waipā Ward
Electing 1 Councillor

Michael WOODWARD

My principal place of residence is in the Waipā Ward area.

As a farmer in the Otorohanga District my wife and I currently own and run a self-contained 300 cow dairy farm with 200 angora goats as well as a fibre exporting business. We run our operation with our four young children helping out, all of whom go to local schools. My community involvement has given me a understanding for what the district needs from a strong council and the support this is required from the council . My background in the industry and community has helped me understand the need for sound financial investment and the due diligence that needs to be done. Future proofed infrastructure is something we need to focus on to ensure the community thrives well into the future. We live in one of the best communities in the country and I would love the chance to positively influence the direction of the Otorohanga District Council.
