DOG CONTROL POLICY 2005

On 30 June 1996 local authority powers over the management of true hydatids and sheep measles and the mandatory treatment of dogs for hydatids ceased. The change came about as a consequence of the Dog Control Act 1996, which took effect on 1 July 1996. Council's emphasis is now on dog control.

The Council is required to have a Dog Control Policy in respect of dogs in the Ōtorohanga District. The Act specifies matters that are to be considered in preparing the policy, including public safety, dog owner's obligations in relation to the control and care of their dogs and Council's administration of the Act. The Policy is set out in the following Schedules-

Schedule 4

FEES

Revenue

All money received and retained by Council under this Act shall be expended only for the purposes authorised by or under this Act.

Dog Control Fees

Dog control fees are set annually to partially reflect the actual costs associated with the control of dogs within the district of Ōtorohanga.

No distinction has been made between urban and rural dogs. Council recognizes that rurally based dogs are less likely to create a nuisance than dogs in urban areas. However, when nuisances are created the cost to deal with them is normally higher in rural areas.

The fee structure set by Council aims to reward and encourage responsible dog ownership by offering discounted fees to dog owners who can achieve a defined standard of responsibility. This standard is defined as Special Owner Status.

Dangerous Dogs

All dog control fees for dogs classified as Dangerous must be paid at the rate of 150% of the fees set by Council.

Schedule 5

OWNER EDUCATION AND DOG OBEDIENCE TRAINING COURSES

Council Dog Control Officer can be contacted to supply contact phone numbers for details regarding Dog Owner Education and Dog Obedience Training Courses.

Schedule 6

Making an application for Special Owner Classification

All owners of dogs that are kept outside of the Ōtorohanga and Kawhia Community Boundaries are allowed Special Owner Classification when they first register a dog. Such owners will retain this classification by complying with the requirements listed above.
