REASONS

1. This is an application by Louise Scott for a special licence for a Fundraiser Quiz & Auction Night for Ngutunui Enviro School. The application was filed more than 20 working days prior to the event as required by section 137 of the Act.
2. The Liquor Licensing Inspector, Police and Medical Officer of Health have no objection to this application for a special licence (s 141). Accordingly, this application is decided on the papers (s 202).
3. The purpose of the Sale and Supply of Alcohol Act 2012 (the Act) is to put in place a new system of control over the sale and supply of alcohol (s 3). The object of the Act is to ensure that the sale and supply of alcohol is undertaken safely and responsibly, and the harm caused by excessive or inappropriate consumption of alcohol is minimised (s 4).
4. In deciding whether to grant a special licence the District Licensing Committee must have regard to the criteria in s 142 of the Act. Therefore, this committee must consider the following questions within the framework of the purpose and object of the Act:
 - a) What is the nature of the event? Does the applicant propose to engage in the sale of goods or provision of services other than those directly relating to the sale of alcohol, low-alcohol refreshments, non-alcoholic refreshments and food?
 - b) Is the applicant suitable?
 - c) Will the amenity and good order of the locality be reduced to more than a minor extent by the effects of the issue of the licence?
 - d) Are the days and hours during which the applicant proposes to sell alcohol reasonable?
 - e) Is the design and layout of the premises suitable? Are any areas of the premises designated restricted or supervised areas?
 - f) Does the applicant have appropriate systems, staff and training to comply with the law? What steps will the applicant take to ensure that alcohol is not sold to prohibited persons?
 - g) What proposals does the applicant have in relation to the sale and supply of non-alcoholic drinks and food, low-alcohol drinks and the provision of help with or information about alternative forms of transport from the premises?
 - h) Have the Inspector, Police and Medical Officer of Health raised any relevant considerations?
 - i) Does the application comply with the Otorohanga District Local Alcohol Policy?
5. The licensing committee may refuse a special licence even if there was no objection to the application (s 144). Sections 146 – 149 of the Act outline the compulsory and discretionary conditions for a special licence.

Should a special licence be granted?

6. The applicant, Louise Scott, is the Chairperson of the Ngutunui Enviro School fundraising committee. She has worked in the hospitality industry. The licensing committee is satisfied that Louise Scott is a suitable applicant to hold a special licence. A special licence for similar fundraising events for the school has been granted in the past with no adverse reports. It is expected that up to 80 people will attend.
7. The Licensing Inspector reports that the application does comply with the Otorohanga District Local Alcohol Policy.
8. The licensing committee is satisfied that suitable measures will be taken to ensure that alcohol is sold and supplied responsibly, and that harm caused by inappropriate or excessive consumption of alcohol is minimised. A certificated duty manager will ensure that the event will comply with the Act and she will be assisted by Louise Scott. There will also be five volunteers assisting on the evening. Louise Scott has also requested that a waiver be granted so that she can work in the place of the duty manager if needed. However, this request is declined because no information has been provided that shows there are any training systems, pre-event briefings, or signage such as Host Responsibility Policies in place. Therefore, it is appropriate in the circumstances that a duty manager is on site at all times.
9. Given the nature of the event and the venue it is not likely that the issue of the special licence will adversely affect neighbouring properties. The entire premises is to be designated as an unsupervised area.
10. The licensing committee is satisfied that the design and layout of the premises is suitable given the temporary nature of the licence. The applicant will provide sufficient food, low-alcohol and non-alcoholic refreshments. Free water will be provided. The use of taxi services will be promoted as a safe option for transport home from the event.

Conclusion

11. The licensing committee is satisfied that the grant of the special licence with the appropriate conditions will ensure the safe and responsible supply of alcohol and the minimisation of harm caused by excessive or inappropriate use of alcohol.
12. Therefore, the application for a special licence is granted.
