REASONS

1. This is an application by Kawhia Boating and Angling Club Inc for a special licence for five annual fishing competitions, to be held over 11 separate days to be held at their premises. This application was received more than 20 working days prior to the event as required by section 137 of the Act.
2. The Liquor Licensing Inspector, Police and Medical Officer of Health have no objection to this application for a special licence (s 141). Accordingly, this application is decided on the papers (s 202).
3. The purpose of the Sale and Supply of Alcohol Act 2012 (the Act) is to put in place a new system of control over the sale and supply of alcohol (s 3). The object of the Act is to ensure that the sale and supply of alcohol is undertaken safely and responsibly, and the harm caused by excessive or inappropriate consumption of alcohol is minimised (s 4).
4. In deciding whether to grant a special licence the District Licensing Committee must have regard to the criteria in s 142 of the Act. Therefore, this committee must consider the following questions within the framework of the purpose and object of the Act:
 - a) What is the nature of the event? Does the applicant propose to engage in the sale of goods or provision of services other than those directly relating to the sale of alcohol, low-alcohol refreshments, non-alcoholic refreshments and food?
 - b) Is the applicant suitable?
 - c) Will the amenity and good order of the locality be reduced to more than a minor extent by the effects of the issue of the licence?
 - d) Are the days and hours during which the applicant proposes to sell alcohol reasonable?
 - e) Is the design and layout of the premises suitable? Are any areas of the premises designated restricted or supervised areas?
 - f) Does the applicant have appropriate systems, staff and training to comply with the law? What steps will the applicant take to ensure that alcohol is not sold to prohibited persons?
 - g) What proposals does the applicant have in relation to the sale and supply of non-alcoholic drinks and food, low-alcohol drinks and the provision of help with or information about alternative forms of transport from the premises?
 - h) Have the Inspector, Police and Medical Officer of Health raised any relevant considerations?

i) Does the application comply with the Ōtorohanga District Local Alcohol Policy?

Should a special licence be granted?

5. Approximately 90 people of all ages are expected to attend each family focused event. Participation is via a ticket purchased from either the Kawhia Boat Club, Kawhia Motors or Oparau Roadhouse.
6. The licensing committee is satisfied that Kawhia Boating and Angling Club Inc is a suitable applicant to hold a special licence. The club currently holds a club licence and has demonstrated compliance with the Sale and Supply of Alcohol Act 2012. The issue of a special licence for these events will allow the applicant to sell alcohol to non-members of the club attending the event. Two Duty Manager will be present on the premises for the duration of each event to ensure compliance with the Act. The licensing committee is satisfied that proposed hours are reasonable.
7. The Licensing Inspector reports that the application does comply with the Ōtorohanga District Local Alcohol Policy. The licensing committee is satisfied that suitable measures will be taken to ensure that alcohol is sold and supplied responsibly, and that harm caused by inappropriate or excessive consumption of alcohol is minimised. Given the nature of the events and the venue it is not likely that the issue of the special licence will adversely affect neighbouring properties. The licensing committee is satisfied that the design and layout of the premises is suitable given the temporary nature of the licence. The applicant will provide sufficient food, low-alcohol and non-alcoholic refreshments. Free water will be provided as well as information about alternative forms of transport from the premises.

Conclusion

8. The licensing committee is satisfied that the grant of the special licence with the appropriate conditions will ensure the safe and responsible supply of alcohol and the minimisation of harm caused by excessive or inappropriate use of alcohol.
9. Therefore, the application for a special licence is granted.
